RAYMOND, ALBERTA, SATURDAY, July 15, 1916

No

Z. N. Skouson, Dealer

The Raymond Mercantile's great clearance sale has been a tremendous success the first week. Following advertising and real bargains attracted the crowds and Monday morning early the store was filled with shoppers. Over a hundred pairs of shoes and Oxford were sold the first day. The Mercantile management have reason to believe that the "Leader Goes Home."

The hay crop is now being gathered with full speed ahead in the Raymond district. From all reports it is a bumper, a regular "Whole" of a crop and a farmer's expression is, "Make hay while the sun shines," is a good motto this season.

Miss Hortense Gordon and Miss Louise King were visitors to Cardston for a few days last week, returning Monday.

Plans for Festival Here Next Month Are Now Underway

Plans for the musical festival to be held in connection with the fall fair in August are well in hand, and the program will be out shortly. The music has been ordered, and should arrive in a few days. The festival will be held the second evening of the Exhibition in the opera house.

The special festival committee consists of N. Lorenzo Mitchell, chairman, L. B. King, representing the Agricultural Society, James Walker, William Stone, conductor of the Taylor Stake Choral, and C. A. Strong. These are all prominent musicians or devotees of the divine art, and they are well qualified to bring the festival to a successful issue.

Must Pay a Stiff License on Two Chance Devices

The city council met in regular monthly session Thursday evening July 6, with a full council present and Mayor O'Brien in the chair. Solicitor Ostlund was also in attendance. The evening was very warm and the business of the meeting was put through with commendable despatch.

The C. P. C. wrote stating that they would repair the walk from the depot platform to the sidewalk. This walk will cross the bad and hole in the approach to the depot and has needed attention for a long time.

The pay roll amounting to about \$1200 was passed and ordered paid. A bylaw was passed imposing a license on slot machines and punch boards of \$50 and \$25.

Pound Keeper Haggie was instructed to turn all money for impounded animals into the town, the secretary paying him his share by check. This would make the business more systematic.

Mrs. C. Thompson petitioned the council for a reduction in her pool hall license and permission to keep open until 11 o'clock. The petition was not granted.

The council formed themselves into a special committee for the reception and aid of returned soldiers.

Stampede Feature of Fall Fair

The big outdoor attraction at the annual fall fair of the Raymond Agricultural Society, will be a stampede, a genuine frontier day celebration. The range of the past will be brought back in all its wild attractiveness. It will be a regular thrill.

Well known stockmen are behind the scheme. The chairman is Ray Knight, who can ride and ropewalk the best of 'em. He knows how to run a Stampede. With him is D. H. Kinney and James Meeks, both veterans of the saddle, and cat and cat from china instead of tin plates. To assist them the following gentlemen have been appointed: Walter Rouse, T. O. King, W. G. Meeks, F. G. Belcher, James Haggie, J. W. Evans, T. J. O'Brien, De Lee Land, Charley Kinney, Stuart Card, Wm. Mc Intyre and Wm. Henson. This is mighty strong backing, so the public can expect something out of the ordinary.

Quarterly conference will be held in the Raymond first ward chapel two weeks from next Saturday and Sunday.

Fred Peiggrass told the Leader this week that he has barley about three feet high and nicely headed out.

James S. Anderson spent the weekend in Cardston on business. He reports operations on the temple to be progressing satisfactorily. He thinks the great edifice will be ready for the pool by fall. Some idea of the cost and magnitude of the temple can be realized when it is known that the steps alone will cost \$12000.

Raymond first and second ward Y. L. M. I. A. conference will convene in the 2nd ward chapel Wednesday, July 19, at 10 a. m. and 2 p. m. All officers and teachers are requested to attend.

John F. Anderson Jr. has been appointed principal of the Kimball school. Mrs. Anderson will be assistant principal.

Among the class that received their B. A. degree from the University of Utah this year we noticed the name of Wilfred Woolf. Before going to Salt Lake Mr. Woolf was instructor of history at the Knight Academy and prior to that was principal of the Magrath public school. He is now studying medicine.

Public School Promotions

GRADE VI to VII.
Myrtle Finch, Alice Sparks, Kimball Fisher, Martha Holmes, Inga Jensen, Rita Jones, Kate Lamb, Thomas Johnson, Lena Strong, Vilas Kimball, Clifford Dahl, Charlie Uvemark, Edith Lauer, Verna Card, Eva Neal, Grace Kenney, Tay Cox, Viola Hawkins, Annie Eysen; Byron Wall, condition. Promoted but not in attendance for the last term: Jennie Brundahl, Lloyd Workman, Leonard Mchew, Marian Stenhouse, teacher.

GRADE II.
Lucille Melbrum, Rosal Kirkham, Kenneth Stone, George Evans, Natrona King, Gerald Gibb, Lucy Roberts, Martha Oudemanda, Dan Ostley, Gerald Nilsson, Ella Court, Ella Court, Harold Johnson, Georgia Mendenhall, Legett Lee, Lenoir Paek, Marvren Wride, Thelma Smith, Gertrude Dahl, Vivian Peiggrass, Mildred Nilsson.

SR. GRADE I.
Box A. Meek, Sidney Ralph, Maud Walcher, Della Jensen, Geo. Schmidt, Robert Lindholm.

Mary Harker, teacher. The name of Jennie Haggie was omitted from Miss Reid's list.

Pleasant Hour at Pretty Farm

A party consisting of Mr. and Mrs. L. D. King, Bp. and Mrs. J. W. Evans and F. C. Stodie motor-ed out to Boulevard Farm Wednesday evening and enjoyed the hospitality of its owner, Joseph Nilsson and Mrs. Nilsson. The main feature of the visit was a strawberry feast, the home going to the kitchen, who ate—but we want to tell you how much. Boulevard Farm is now looking most beautiful and is a distinct credit to Mr. and Mrs. Nilsson. A visit to this farm is the best cure for the "Blues" that we know of.

BEACH CLOTHES REPEAT DRESS STYLES

Striped Pongee
Old Novel
Lines

Hemstitched
Ruffles in
Conservative
Dress

Of Striped
Dress
Taffeta's

Taffeta and
Tussore in
Combination

THERE are extremes in beach clothes as well as in dress, and while one does not have to accept the most bizarre suits offered for surf wear, one's bathing costume must be distinctive just as much as one's evening gown or street suit.

It is easily seen, therefore, that beach clothes will follow the general trend of fashions in dress. Colors are very vivid, many dress materials are used and lines are often similar.

A combination of materials and colors is noticed in the suit which shows dark-blue taffeta with overskirt and cape of red tussore. The cape has a set-in sleeve of the tussore. Its short bolero cut gives the suit a Spanish effect which is heightened by the wide-brimmed bathing hat. This brim, by the way, is detachable when milady braves the waves. The bloomers of this suit are fashioned like riding breeches and clasp tightly just below the knee—the "jockey leg" it is called.

Another blue taffeta is combined with gray for hem and shoulder inserts. The joinings of the two materials are finished with cords. This is a very conservative suit, but it is none the less smart for its quiet lines. A shade hat for beach wear is worn with the suit, of cretonne and soft gray hemp.

Stripes are every bit as smart on the beach as they are on the street. A dark green and white dress taffeta is fashioned

into a most attractive bathing suit by means of running the stripes in two directions. The wide girdle portion is one-sided, like many frocks, and the arrangement of the side pleat extending over the girdle is odd. Another touch is the band on top of the arm ending in a ruff, as an excuse for a sleeve. The collar is white Georgette crepe.

Black is always a safe choice, especially for the stout woman. The black suit pictured makes up for lack of color by novelty of cut. A slightly full shoulder ruffle is cut in one with a central box pleat which, in turn, runs into the top skirt flounce. All the ruffles are hemstitched.

Pongee is a new material in the bathing suit world. It is used in a stunning striped pattern to fashion the suit that is cut somewhat on sports dress lines. This suit has separate bloomers, clasping below the knee, of the plain purple trimming silk. The side portions of the blouse extend into sash ends and tie in the back.

FRUIT & CONFECTIONERY
Magrath - Alta

The Tollstrop and Mercer families wish to thank all who so kindly assisted them in their recent bereavement.

There is considerable construction work underway in Magrath just at present. The two lumber yards are both busy.

Mrs. Ben Hood spent a few days in Okotoks last week visiting with her son, Ben, who is working for the C.P.R. in that town.

Mrs. James Berkeley, of Calgary, was a visitor at the home of her parents here, Mr. and Mrs. William Baxter, last week.

**After an Heroic Fight
Girl Succumbs To
Pneumonia**

Pneumonia claimed Walden the 7-year-old daughter of Mr. and Mrs. Arthur Fletcher, Saturday evening at 8 o'clock after a three-day illness in which the little one fought heroically for life. She passed away in the arms of her Uncle Owen. Everything possible was done to save the child's life, but in vain. The earthly mission though, had been ended and she was called home.

Arthur Fletcher, the father, who was a missionary in the Eastern States was notified, but being in the country, he did not receive the information until Tuesday. Consequently, he did not arrive home until 1 o'clock this morning. The funeral will be held today, Bishop Harker officiating.

Chris Jensen, manager of the Jensen Ranching company, and one of Magrath's greatest optimists, says that their crop this year promises to equal if not surpass their last year's harvest. "It just couldn't look better," said Mr. Jensen.

There is still a small sum due on the L.I.S. chapel but the building committee hope to have the building clear of debt shortly.

**70,000 Sheep
Sheared at Big
Conrad Plant**

Shearing operations at the Conrad camp were wound up this week, and the fifty men employed paid off. The season has been a very successful one on the whole, although the inclement weather has been a drawback.

A representative at the Leader obtained an interview from Levi Barker, manager of the Conrad plant, and president of the South Alberta Woolgrowers Association, the other day, and that gentleman expressed satisfaction with the result of this season. The outlook was very good. Between 70,000 and 80,000 sheep have been clipped at Conrad, and the average fleece will weigh in the neighborhood of 7 pounds, the aggregate wool crop being approximately 520,000 pounds.

On the whole the wool is clean, this season, and Mr. Barker, who is counting for a little lighter weight. Asked regarding the machines for shearing, the bishop said that he never used them because the sheep were usually badly cut "BY" the other, Eph and I lost 400 head through machine shearing. "I know," although I can tell the new machines cut high enough to escape the hide. If they do this, then the machines are the best. They make a cleaner job as a rule."

Bishop Harker is one of the oldest established sheep men in the south country. He is an expert shearer, and his opinions are well sought. He has great hopes for the industry in Southern Alberta.

For three nights, Monday, Tuesday and Wednesday, the Rex, then was packed to see one of the greatest productions in the history of the film, "The Eternal City." At Magrath two large audiences saw it at the Empress. For two hours this remarkable picture, featuring that famous American star, Pauline Frederick, holds the audience in a strange and enthralling grip. Gorgeous in its scenic beauty, masterly in its presentation, the message of "The Eternal City," is brought out with full dramatic force.

SYNOPSIS OF CANADIAN NORTH WEST LAND REGULATIONS

THE sole head of a family, or any male over 18 years old may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or Sub-agency for the District. Entry by proxy may be made at any Dominion Lands Agency but not Sub-agency on certain conditions.

Duties—Six months residence upon actual cultivation of the land in each of three years. A homesteader may live within eight miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity.

In certain districts a homesteader in good standing may pre-empt a quarter-section along side his homestead, Price \$5.00 per acre.

Duties—Six months residence in each of three years after earning homestead patent; also 50 acres extra cultivation. Pre-emption patent may be obtained as soon as homestead patent, on certain conditions.

A settler who has exhausted his homestead right may take a purchased homestead in certain districts. Price \$5.00 per acre. **Duties**—Must reside six months in each of three years, cultivate 50 acres and erect a house worth \$300.

The area of cultivation is subject to reduction in case of rough, scrubby or stony land. Livestock may be substituted for cultivation under certain conditions.

W.W. CORY C.M.G.,
Deputy of the Minister of the Interior.

**Magrath Man Driver
For General Haig
In Flanders**

A Magrath man, Pte. William Thomas, has the distinguished honor of being a driver for Sir Douglas Haig, commander-in-chief of the British forces in France. Pte. Thomas is the son-in-law of A.M. Charles Karren, and was formerly a C.P.R. brakeman. His family at present resides at Lethbridge.

Pte. Thomas lives right at headquarters and is within reach of the great chieftain at any moment. He feels justly proud of the honor that has come to him. Pte. Thomas went overseas with the first draft from the 13th O.M. R. under Lieut. Taylor of Magrath. No doubt, he will have some interesting tales to tell for the war, being at the very heart and mind of the British operations.

**July 24th Galla
Day at Magrath**

Pioneer Day and Magrath Day, Monday, July 24th will be gala day in the Garden City. The biggest celebration ever held in this town is planned for that date. The program will be out in a few days.

Insects as Human Food

Will Take a Lot of Education Before

Edible Bugs Become Popular

Dr. J. O. Howard, chief of the bureau of entomology of the department of agriculture, Washington, is quoted as saying there is no reason why people should not eat bugs. He says an insect soup can be made which is very nourishing and appetizing.

Of course, if the insect is quite correct, a new source of food supply is at once open to the general public. It will undoubtedly be necessary to do a lot of educating before the American public will be largely inclined to pure of moths, beetles or flies.

It may be true that adding insects to the diet will not be the best of living. But it is not in this way that the average consumer wants the reduction made. What is wanted is a new source of food supply.

It is not in this way that the average consumer wants the reduction made. What is wanted is a new source of food supply.

Money in Hogs

Canada, in a Good Position to Develop a Permanent Bacon Trade

As is well known, hogs have reached an unprecedented high level—\$11.60 per cwt., being paid for fat and watered on the Toronto market.

The fact that even with the low level of the market, shipments of hogs are regularly going forward to England, will serve to illustrate clearly the demand for that product on the British market.

Without doubt, the Canadian stands in a better position today to develop a permanent bacon trade with Great Britain than has ever been the case before.

To do this, however, there must be volume of supply. There is very good reason to believe that demand for hogs, in the face of the supply that can be obtained, will be such as to hold the market in a very firm condition, both during and for a considerable period following the war.

Great Britain's imports of bacon in 1913 amounted to £25,420,000. From Canada she obtained only £3,320,511.

The fact that Canadian bacon has been selling at an advance from 10 to 12c per cwt. above American and at not more than 12c under the nominal quotation for Danish, illustrates clearly to what extent Canada could increase her export trade, had she a sufficient volume of hogs to supply the demand.

In this respect, the English market at the British consumer will buy Canadian bacon in preference to any other country in the world with the possible exception of Ireland. Not only is this so, but the English market also for ham, frozen pork and pork cuts of various descriptions. This market is so remunerative, as the bacon trade, although it is not likely to be so great as at present.

The West is producing a great amount of grain and stock, compared with wheat, it will probably be relatively far in price. It is, therefore, to be expected that hog production to meet as many as possible of the demand for each farm next fall with such a number of hogs as can be raised.

It is, therefore, to be expected that hog production to meet as many as possible of the demand for each farm next fall with such a number of hogs as can be raised.

Lightning Rods Efficient

Statistics Show That Danger From Lightning is Greatly Lessened

The efficiency of lightning rods may be estimated at nine-tenths per cent, says the report of the United States Bureau of Standards, after discussing the reports of farm mutual fire insurance companies and state fire marshals.

As the report took account of every kind, both new and old rods and rods, these figures give strong support to the use of lightning rods.

Four hundred and sixty houses not equipped at the time by families, two hundred fifty-four cases out of the four hundred sixty-one where persons were either severely injured or killed. But two or three of these houses were reported as having rods.

It might be concluded from these figures that in the case of an unroofed house being struck, the chances that all of the occupants will escape harm are about forty-five out of each hundred.

We remind you again that your farm should be grounded every four rods so a lightning charge will not travel along the wires and kill stock or set fire to other attached buildings.

Don't take chances with lightning. It is cheap insurance to not the building around the farm house—Successful Farming.

**Don't be Content with Anything Less
Than the BEST.**

WHEN YOU INSURE your crops against hail why not place your business with the strongest company in America and the one that has been tested and tried. Last year the Winnipeg Underwriters of the **HOME** paid out in losses in this district nearly three times as much as was received in premiums, and the losses were paid promptly. Everyone was very well satisfied with the liberal adjustments which were made. You are SURE of getting your money no matter how heavy the losses may be. The Company has assets of \$27,000,000.00 which is something to be considered in taking out insurance.

If you want the best Insurance call and see me.
T. J. O'Brien will assist in the adjusting of losses.

RAYMOND LEADER
Published Every Friday

\$1.50 a Year in Advance
F. C. STEELE, Editor

With the departure of Dr. Wray this week, Raymond is left without a physician. Dr. Dies, of Magrath, has taken over Dr. Wray's practice and expects to cover both Magrath and Raymond. This leaves one doctor between Spring Creek and New Dayton. This season enormous section for one doctor to handle. The medical men say it can be done with a car, but how a doctor attending to a case in Spring Creek can return to Raymond in time to attend to cases which means life or death is hardly close to the Leader. The illustration is not at all unreasonable. Cases of a very critical nature are arising every day. Raymond needs a doctor, so does Magrath. One medical man is not enough for these two extensive districts.

We are told that the chief complaint of the physicians is that there is not enough business in the towns to warrant two doctors. This may be true, but if the fees sometimes extracted from the public is anything to go by, one instantly decides that the statement is worthy of investigation before acceptance. If however the complaint of the doctors is true, then the municipalities must guarantee the salary of the physician. The public health cannot be placed in jeopardy for is any way to avoid it.

**Theatrical Men Form
Strong Combine At
Convention**

The theatrical men of Western Canada recently met in Calgary and formed an organization known as the Western Canada Theatre Manager's Association. This is a strong combination and will bring into the West the best in drama, opera, vaudeville and motion pictures. It will put theatrical business on a safer, stronger and more systematic basis.

Manager Lydiatt, of the Grand, Calgary, was elected president. L. D. King, of the Raymond Opera House, was nominated for president, and Mr. King, however, was elected a member of the executive. After the meeting the show men took luncheon at Crown's.

This is the first organization of its kind in the West and will do much in elevating the standard of the western theatrical business.

William Baker recently purchased the 25-acre farm of Alex. Morrison north of town.

Van Wagner and Robison have the contract for a large, modern barn to be built in town by Arthur Dald. The barn will be up-to-date, roomy and commodious. Work will start in a few days.

The large addition to the home of D. F. Fawns is nearly finished. I. M. Johnson is the contractor.

The Tollerup and Mercer families wish to thank all who so kindly assisted them in their recent bereavement.

Miss Emma Jensen, who has been taking the nurses course in the Dr. Grove's L. D. S. Hospital, Salt Lake City, is home for her holidays. She expects to stay about a month.

Mr. and Mrs. Wm. Blair were visitors to High River and Calgary last week.

Miss Mary Hancock is relieving Mr. Schuman in the post office, the latter being forced to take a little exercise in the hay field.

Mortgage Sale

PURSUANT to the Order for Sale made herein by His Honour Judge Jackson, the 19th day of June A.D. 1916, in a certain action wherein THE EXCELSIOR LIFE INSURANCE COMPANY is Plaintiff, and JOHN POWELLSON and MARCEL T. POWELLSON are Defendants, the following lands in the Province of Alberta, namely:

The South-west Quarter of Section 36, and the North Half of the North-west Quarter of Section 25, all in Township 6 in Range 21

West of the Fourth Meridian, subject as to the north half of said South-west Quarter of said Section 36 and the North Half of said North-west Quarter of said Section 25, to the reservations and exceptions contained in a transfer to John Powellson of said last-mentioned two pieces of land made by the Alberta Railway and Irrigation Company, and duly registered in the Land Titles Office for the South Alberta Land Registration District as Plan "2029-1," will be offered for sale by public auction on

FRIDAY, AUGUST 4th, 1916 at the hour of Three o'clock in the afternoon at the RAYMOND HOTEL, in the Town of Raymond.

Sale will be subject to the reserved bid which has been fixed by this Court.

Terms and conditions will be made known at the time of the sale or can be ascertained from the undersigned solicitors.

The two parcels of land first above mentioned are situated about 1 mile North-West of Raymond and consists of 240 acres of good farm land. The said land is a lot to be fenced with a three strand wire fence. About 200 acres of the said land has been broken. On the said land there is said to be a stable 120 x 160. The parcel 75 land (thirdly above mentioned) consists of an acre Lot well situated in the town of Raymond. On the said Lot there is said to be a three roomed, one story, frame house 32 ft. x 12 ft. with an addition 12 ft. x 14 ft. also a good stable and granary.

DATED at Lethbridge, Alberta, this 19th day of June, A. D. 1916.

CONYBEARE, CHURCH, McARTHUR & DAVIDSON,
Barriers, Solicitor, &c.
Conybeare Bldg., Lethbridge.
MALCOLM YOUNG,
Auctioneer.

Next Saturday evening the choir will give a lawn party on the lawn of Mrs. Kenny on Broadway. Ice cream, lemonade and strawberries and cream will be sold. Dancing and games will be the order. All are invited.
